MEMORANDUM FOR: Assistant to the Director

SUBJECT : Major Ellerson's Enquiry

I have checked with an analyst in OCI who has just completed a year-long research project on Cuba's developing institutions (including the military). He reports that there is no single unclassified study that would give Major Ellerson the kind of assistance he wants. If Major Ellerson wants to do the digging, however, the information is available. The best source for him would be to consult back issues of Verde Olivo, the weekly Cuban army journal. He might also check past issues in the JPRS series.
